

Aquasol

EZ-WIPES

**IDEAL FOR CLEANING INDUSTRIAL WORK SURFACES,
ESPECIALLY PIPES WHERE CONTAMINATION CAN SEVERELY
IMPACT THE QUALITY OF THE WELD**

Part No	Description
EZW	E-Z Wipes

To eliminate the worry of contamination around the weld zone and ensure a high-quality weld, Aquasol has developed EZ Wipes. A specialized two-sided cleaning fabric: an abrasive side for difficult to remove pipe blemishes, and a smooth side for hidden contamination. The concentrated cleaning liquid allows for easy removal of cutting fluid lubricants, oils, inks, heavy grease, and some adhesives.

Ideal on various surfaces - Titanium • Stainless Steel • Chromium • Mild Steel • Vinyl

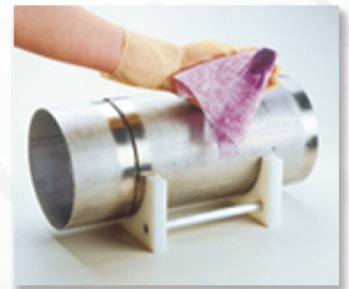

- Allow welders to maximize time spent welding by diminishing time spent cleaning.
- Single pouch provides a quick, convenient and effective method to clean almost any surface.
- Unique eco-friendly formula contains Limonene, a natural solvent.
- CFC & HCFC free and possess no serious threats to the environment.
- Contains a highly effective liquid blend for maximum cleaning power.
- Can be used after removing slag with a wire brush to ensure all impurities are removed from the pipe's surface.

Step 1
Remove the wipe from the pouch.

Step 2
Use abrasive side of the wipe to
remove contaminants from pipe.

Step 3
Use smooth side to re-wipe surface
ensuring all impurities are removed.
