

LUBE - MATIC LUBRICANT, KLEENER PADS & LUBE PADS

Weldaid Lube - Matic products are engineered to clean and lubricate welding wire, improve feedability, reduce weld spatter and increase tip and liner life. Reduces wire drag by 60% and feeds wire more smoothly with poor cast, helix and rust. Best when used together as a system to clean and feed wire.

W007061 - Red clean pads for ALL WIRES coarse cleaning felt with pressure clip to ensure clean wire is all you get in your weld pool.

* Stainless Steel * Aluminium * Mild Steel
6 Pads per pack.

W007060 - Black treated pads for mild steel solid, fabricated and cored wires (not aluminium)
6 Pads per pack (pre treated) Best to clean your wire first, then lubricate.

W007040 - For re-applying lubricate to 007060 Black treated pads (mild steel only).
Reduce drag by up to 60%
