

## Here we Grow again....

Welcome to the first edition of the IWWS Newsletter for 2010.

Firstly the transition to our new premises went very well, we have been here for nine weeks and all systems are operating well. My sincere thanks to all of our distributors for their support during the move. We will be organizing a "Grand Opening" for May at which we will have our owners and suppliers visiting to provide product training and overall market support. Invitations will be forwarded to you all.

I would like to extend a warm welcome back to IWWS for Scott Leacey. Scott has joined us as Product Manager and will be involved with the Business Development and introduction of new products and product training for our Business.

We have some exciting new products to release to our distributors for the first Qtr of 2010. Certified Sumner Cylinder Trolleys (Carts), these are with Semi or full pneumatic wheels, with certified lifting hooks and firewalls for OH&S conscious sites and all other industrial markets.

Our new IWWS TIGCHAMP BRUSH, post weld stainless steel cleaning machine, Australian Designed and manufactured, comes with a two year warranty and is the fastest post weld cleaning machine on the market.

New to the product range is our IWWS Automatic Welding Helmets, Two models , one model with Magnifying lens holder, all have a two year auto lens warranty, and fully auto stepless sensitivity.

Please take the time to read this edition and take part in our bonus offers and promotions available.

*Remember "Selling through Distributors " is our only Business...!*

## WELDING HELMETS

The AS-2000F & AS-2-F automatic welding masks have intergated technology such as LCD, optoelectronics detection, solar power, and microelectronics, this technology helps the mask efficiently protect the operators eyes from injury caused by the arc.

### FEATURES

- Solar Powered
- High Clear View Filter
- Permanent UV/IR Protection
- High strength mask material
- Sensitivity & Delay time adjustment
- Five variable dark shade levels 9-13

PART NO: BLUE AS-2000FB  
GREY AS-2000FG

PART NO: BLUE AS-2-FB  
GREY AS-2-FG

## JASIC JS500SWF INVERTER MIG WELDER SEPARATE WIRE FEEDER MACHINE

JS500SWF Machine Package includes:  
Trolley, Power Source, 10m Arc Lead Set  
Argon Regulator, Heavy Duty Euro 450amp 15 ft Gun

- Latest IGBT Inverter Technology
- MIG MAG Function
- MMA (Electrode Welding) DC +/-DC - Function
- Scratch Start DC TIG Welding Function
- Stepless Voltage Control & Wire Feed Control at Wire Feeder
- Variable Inductance & Burn back Control
- Adjustable Crater Controls
- Gas Purge / Inch Wire Function
- 2T/4T Trigger Function
- Separate Wire Feeder with Geared 4 Roll Drive
- LED Volt & Meter Digital Display
- 10 Meter Interconnecting Cables
- Trolley with Pull Out Storage
